Where Winners Are Born

OVER BLACK

CHILD (V.O.)
Hey dad, where do babies come from?

FATHER (V.O.)
Well son ahh...

CUT TO:

INT. CERVIX - DAY

A pack of sperm cells swim through Maria's vagina.

Passing by stains that say "Gonorrhoea Apr. 2011", bruises labeled "Football Team Good Luck Charm Nov. 2017", and white goopy matter "Company Retreat last summer" cover the walls.

Objective, get to the egg.

PRESIDENT SPERM squeezes his way to the head of the pack.

PRESIDENT SPERM
(breathing heavily)
Out my way, out my way! I got
someone to be.

DOCTOR SPERM squeezes her way to the head of the pack.

DOCTOR SPERM
Excuse pardon me, excuse pardon me
I got a delivery to make. My
birthday's coming up soon.

SPERM ESQ. squeezes his way to the head of the pack.

SPERM ESQ.
Watch out, watch out those eggs are
calling my name.

PRESIDENT SPERM
Well, I don't know why you all are
wasting your time. I'm going to be
the next president.

DOCTOR SPERM
Yea and start a war 50 years from
now?

SPERM ESQ.
Yea, what are you tryna be the next
Hitler or something? I'm actually
going to be helping people.
(MORE)

SPERM ESQ. (CONT'D)

I'm gonna be a lawyer. Taking from the rich and giving to the poor.

Doctor and President Sperm sarcastically laugh at Sperm Esq.

PRESIDENT SPERM

Yeah right, you're gonna be helping them alright. Scamming them right out of their hard-earned money will do some real good for the community huh.

DOCTOR SPERM

Well, I'm going to be making a real difference in the world. Saving lives as a doctor.

SPERM ESQ.

You won't even make it pass residency kid.

PRESIDENT SPERM

Well, how are you gonna to be a doctor when you can't even stand the sight of blood. You just got squeamish at the sight of Maria's.

DOCTOR SPERM

That's different, it had a weird odor to it. We all know Maria's not the most hygienic person in the world.

PRESIDENT SPERM

Well, Maria doesn't need a weak little sissy fertilizing her eggs. She needs a baby free of all genetic diseases.

SPERM ESQ.

Don't you have asthma; you were just out of breath turning up the fallopian tube.

PRESIDENT SPERM

So what, I'll grow out of it when I hit puberty.

Doctor Sperm laughs.

Sperm Esq. makes his way over to Female Sperm.

SPERM ESQ.

So hey, how about we fertilize each other and make some *twinky twin twins*.

DOCTOR SPERM

I'd rather grow a birth defect than mingle with your tiny little seed.

SPERM ESQ.

Hey I'm average I'm 44 micrometers, 46 when Zach takes a blue chew. Ah ha.

DOCTOR SPERM

Whatever, you're wasting your time. My fetus would absorb your pathetic little fetus within 2 months tops.

SPERM ESQ.

Oh yea, bring it!

Doctor Sperm and Sperm Esq. start to push and shove each other back and forth. President Sperm breaks up the tussle.

PRESIDENT SPERM

Guys break it up, break it up!

The entire pack comes to a haul.

President Sperm addresses the crowd.

PRESIDENT SPERM (CONT'D)

Don't you get it. It's all up to fate. No matter how fast we swim, no matter how hard we fight it's all up to fate. They have the final say so, they'll end up choosing the right person for the job.

DOCTOR SPERM

Yea, you're right.

SPERM ESQ.

You know what screw fate! We should let Lil Timmy have it. Timmy never got a fair shot to begin with. He deserves to fertilize the egg.

The pack of sperm cells part like the red sea and a light shines on LIL TIMMY all the way in the back of the pack.

LIL TIMMY, a cute childish deformed sperm cell makes his way through the crowd, up to the front of the pack with President Sperm, Doctor Sperm, and Sperm Esq.

PRESIDENT SPERM
Hey big guy, you ready for this.

LIL TIMMY
Oh gosh, I think so. Thanks guys!
This is the best day of my life! I
can't wait to be something amazing.

EVERYONE
Awww!

President Sperm, Doctor Sperm, and Sperm Esq. embrace each other enjoying this proud moment.

DOCTOR SPERM
You're gonna be great.

SPERM ESQ.
Go ahead lil buddy.

Lil Timmy swims the rest of the way to the egg. The rest of the pack stays back to watch as they cheer him on.

SPERM ESQ. (CONT'D)
(crying)
They grow up so fast.

Then just before Lil Timmy touches the egg. He gets blindsided out of nowhere by a big buff sperm cell that's three times the size of everyone else.

The pack gasps.

The **LARGE SPERM** flexes his muscles at the pack of sperm cells and punts Lil Timmy's crippled body out of the way.

LARGE SPERM
I'm the pre-nut bitch!

He fertilizes the egg by dry humping it.

The pack disperses to let the large sperm have his time alone with the egg.

Accepting their defeat.

PRESIDENT SPERM
Welp, I guess that was fate. That
was fun while it lasted.

DOCTOR SPERM

He has no idea what he's getting
himself into.

SPERM ESQ.

Well, I guess it's time to be some
weird vaginal fluid.
